Rather than reading a good book with a cup of coffee in the afternoon, instead they cope with some malicious bugs inside their computer.

Financial crisis - Wikipedia

A financial crisis is any of a broad variety of situations in which some financial assets suddenly lose a large part of their nominal value. In the 19th and early 20th centuries, many financial crises were associated with banking panics, and many recessions coincided with these panics. - Fri, 15 Mar 2019 13:57:00 GMT

Finance - Wikipedia

A Systemic Failure of Corporate Governance: Lessons from ...

The third view is that the financial crisis was at least in part caused by a systemic failure of corporate governance. The failure of corporate governance was not purely an implementation issue, but more a systemic failure of institutional arrangements that were underpinned by increasingly popular paradigms or paradigmatic assumptions like ...

Financial crisis, austerity, and health in Europe ...

The financial crisis in Europe has posed major threats and opportunities to health. We trace the origins of the economic crisis in Europe and the responses of governments, examine the effect on health systems, and review the effects of previous economic downturns on health to predict the likely consequences for the present.

Economic Research - Federal Reserve Bank of San Francisco

The financial crisis provided a stark example of how interconnected the financial system is. Since then, researchers have developed several ways to monitor patterns of connectedness within the banking system.

Research | Bank of England

Outstanding research and analysis underpins everything we do, from policymaking to providing secure banknotes. The Bank aims to attract and develop world-class researchers and foster an environment that supports creative freedom and engagement with global research communities.
